Also attending were Rich Carlson, John Godfrey, Denise Layton and Kathey Pope.

### Welcome and Opening Remarks

- 1.1 Welcome and remarks from SSA Chairman Richard Maleady  
Chairman Maleady expressed appreciation for all the support he has received over the 3 years of his term. "It has been a good 3 years."
- 1.2 Introduction of guests  
Pat Costello, Rick Lafford, Mike Moore. Mr. Moore was extremely pleased with the letter SSA sent regarding ANPRM.
- 1.3 Request for confirmation of accuracy of email addresses and other contact information for the current list of Officers and Directors (as shown on the roster HERE) One address change was noted for Geoff Weck.

### 2.0 Consent Agenda -- Action Item

[The Consent Agenda is to be considered as a "block" of items submitted to the board for approval or disapproval as a group. A simple majority is required to pass Consent Agenda. Prior to the vote any Director may request that a specific item be removed from the Consent Agenda, in which case that item will be considered separately during the Board meeting. The purpose of the Consent Agenda is to deal with as many non-contentious items as possible in an expeditious manner, thus allowing more time for discussion and decision making on policy issues that require more deliberation.]

- 2.1 Approval of Past Minutes – (February 28, 2015 Board of Directors' Meeting)  
Motion to approve by Phil Umphres. Seconded and approved.
- 2.2 Approval of 2015 Service Awards (report from Jay McDaniel)  
Motion to approve by Jay McDaniel, seconded by Cindy Brickner. Approved.

3.0 Chairman's Report (report from Richard Maleady) No discussion necessary. The report is in the book.

4.0 Chief Operating Officer's Report (report from Denise Layton) The report is in the book, one item needs discussion as follows:

Directors' Terms - Several years ago during the process of reducing the size of the Board, it was decided to change the expiration of some Directors one time, so each year approximately one third of the Board would be up for re-election. It was determined this would help in keeping continuity on the Board. This was to be accomplished by having Region 1 and 3, 2 and 4 and Region 6 serve a two year term which would then put them in alignment with having one third of the Board expiring each year. This has not yet been accomplished and I ask for your approval to get the elections in line so one-third of the Board is up for re-election each year. I propose in 2016, Directors in Regions 1 and 3, 2 and 4 and Region 6 be elected for a two-year term. This would put them up for re-election in 2018. Then they will follow the normal three-year rotation. The terms would then look like this:

2019	2020	2021
7	5	1 and 3
9	8	2 and 4
10	12	6
11		

The Treasurer stated this is not a change to the bylaws, it is only housekeeping of administration.

The Treasurer moved to accept this updated schedule to get back on track. It was seconded and unanimously approved.

5.0 Treasurer's Report (report from Phil Umphres, Rev 1) SSA should finish the year in the black or at least break even using the allotments from the General Endowment and Life Member funds. The administration expenses are well monitored by our COO.

Membership continues to decline at a rate of about 2.5% per year. With total membership at 10,085 as of the end of July, 2015, we will almost certainly drop below 10,000 members before the end of the year. As discussed before, the ongoing decline in membership has important and unpleasant ramifications for the future.

Copies of the 2014 Audit report are available. The report contains nothing that would indicate any issues of concern regarding either the integrity of our financial operations or the accuracy of our financial statements.

There was some discussion about going to an audit review to save money. Possibly would be considered in the future. A full audit relieves any hesitance of current & future donations.

5.1 Action Item: approval of draft budget for 2016 (draft budget, v.3) Note: the budget assumes no changes to sanction fees income or distributions; that issue will be addressed later and the decisions incorporated into a revised budget.

The treasurer moved to approve the Budget Draft 3 as a working draft subject to revision and approval by ExComm by year end of 2015. Seconded by Sorenson. Motion carries.

5.2 Action Item: approve transfer of funds in "SSA Designated Trust Fund" to "General Endowment" (Proposed Motion) (Exhibits 1-9 to proposed motion)

WHEREAS, the SSA Bylaws, Article XI - Trusts, provide for the existence of certain Trust Funds for certain monies given to SSA or set aside by SSA for specific purposes, and

WHEREAS, the SSA Foundation is the entity designated by SSA for holding, managing, investing and safeguarding such funds, ownership of which belongs to the SSA, and

WHEREAS, for some time there has existed within the SSA Foundation a specific fund of monies, currently identified by the SSA and the SSA Foundation as the "SSA Designated Trust Fund," in an amount of \$11,980.86 as of June 30, 2015, and

WHEREAS, there do not appear to be any donor restrictions or other permanent restrictions on the use of those monies,

NOW, THEREFORE, it is moved that the SSA Board of Directors approve the transfer of the entire sum of the monies held in what is currently called the "SSA Designated Trust Fund" to the SSA General Endowment Fund as an unrestricted addition to the Endowment assets held in the General Endowment fund, and that the Fund commonly known as the SSA Designated Trust Fund be closed and no longer used.

Seconded by Geoff Weck. Motion carries.

A data base is being constructed for incident reporting that will have a search function by area, aircraft and incident. The data needs to be solicited from the membership and needs to be advertised and make it visible on SSA's website. Input can be made anonymously.

SSF Trustees want to survey the membership for opinions on SSF's services. Prefer the letter with the survey come from headquarters. SSF will pay SSA for staff time, supplies & postage. SSA Chairman complimented the survey he found on the website.

As of the date of this meeting, 4 gliding fatalities have occurred. This is a downward trend this time of year.

6.2.3 Awards Committee (report from Jay McDaniel)

6.2.4 Group Insurance – Pat Costello reported the rates have not increased over the last 3 years due to improving trends in claims. Winch insurance is available. Most operating winches have not taken the coverage. It was suggested from the floor that the directors pass the winch insurance information to all local clubs. Pat acquired Instructor Liability Insurance at \$500 for \$1,000,000 coverage. Only 40 instructors bought the coverage. Need more promotion by Regional Directors.

6.2.5 Badge and Record Committee (report from Rollin Hasness) – Barographs are now obsolete. Effective October 1, 2015, Rollin will post electronically and electronic declarations will be available. A fillable PDF form for badge and records is now available. Sporting code flight declarations have changed. There has also been a change on Silver Badge requirements.

6.3 First Vice Chairman, Ken Sorenson

6.3.1 Contests

6.3.1a Contest Committee report – John Good gave no report.

6.3.1b Rules Committee report (report from John Godfrey) – Hot topic in contests this year is the use of FLARM. Stealth mode is controversial for contest use. This is an international controversy as well. FLARM supports two antenna inputs for complete coverage. Cell phones are not banned from cockpits during contests if they are not turned on. There is a strong division of opinion on policy of technology in cockpits – anti-leeching concerns make for historic strong differences in opinion.

6.3.1c Site Selection (report from John Lubon) - Currently beginning the process of soliciting bids for 2017 National Contests. The Bid Deadline will Friday November 6, 2015.

John Lubon moved to approve Sports Class Nationals be held in Uvalde Aug 7 to 15, 2016. This will be a 9 day National Contest over 2 weekends. Seconded. Approved.

6.3.1d Handicapping – No report.

6.3.2 Trophy Committee – The Ad Hoc committee appointed by Chairman Maleady was dissolved and morphed into the Trophy Committee. Members are John Godfrey (Chairman), Jay McDaniel, Sarah Arnold, Peter Smith, and Richard Maleady. All trophies will be held at SSA Headquarters. HQ will update engraving, handle repairs and shipping.

The committee recommendations will be presented at the next board meeting in Greenville, SC.

6.3.3 U.S. Team (report from Pete Alexander) – Early this year, US Team Committee Chairman Rick Walters announced his wish to step down from this position, in order to be able to devote more time to his business. Committee member Pete Alexander agreed to step into this job, and was appointed as Chairman by John Good (SSA Contest Committee Chairman). Rick generously agreed to fill out the remainder of Pete’s term as a committee member. Late June brought the tragic news of Rick’s death in a bicycle accident. Dennis Linnekin, who has been a member of several US Teams as team Captain and is admirably well qualified, has agreed to be the one who fills the remainder of Pete’s term.

Accordingly, the US Team Committee’s current structure is as follows:

Chairman: Pete Alexander (appointed)  
Members: Sarah Arnold (elected – term extends through 2017)  
Dennis Linnekin (appointed– term extends through 2016)  
Dianne Black-Nixon (elected – term extends through 2015)

The committee is beginning a restructuring of team selections. Pete and John Good are making a self-funded trip this fall to visit foreign teams for information on training, etc. The goal is to improve US Team performance.

6.3.4 Sailplane Tracking (report from Lane Bush) – Pedja Bogdonavich continues to provide this to SSA free of charge. This is the 2<sup>nd</sup> year in use. Pedja has hired an employee to help in development and issue resolution. It was stated the tracker is a good educational and media tool and that the major use of this tracker is outside of contest uses.

6.4 Vice Chair, Geoff Weck (Government Liaison and G&P)

6.4.1 Director and Special Advisor Stephen Northcraft (Governmental Regulation, Airspace and International Soaring Groups)

6.4.2

Government Liaison Committee (report from Stephen Northcraft) (Federal Register Transponder Requirement) (SSA ANPRM response) (Letter to Honorable Harry Reid) (Letter to Honorable Mark Amodei) (Update on IS-28B2 life extension status)

There has been one overarching issue during the period since the last Board meeting, the FAA issuing ANPRM FAA-2015-2147, "Transponders for gliders". The SSA responded to this call for information and this Committee will continue to work this issue as appropriate.

#### Committee Structure

Committee Chair Stephen Northcraft  
Airspace Cindy Brickner, Hal Becker on transponders  
Pilot Certification Rich Carlson (SSF Trustee)  
Airport Utilization Linda Draper-Hivert (Stephen Northcraft)  
Aircraft Certification S. Northcraft (acting)  
RTCA and Special Issues Bernald Smith  
GPS/DAFFI Rick Sheppe  
FAA Rule-making Advisory Comm. Tim Anderson  
Surveillance Gerry Molitor

No news yet on ANPRM. In Oshkosh, Director Northcraft met with a working committee member. No information will be available until late September.

Chairman Maleady thanked Directors Umphres and Northcraft for their professional and thorough response on behalf of the SSA to the FAA.

6.4.3 Representation Committee & Representatives (RTCA report from Bernald Smith) – RTCA is writing rules of compliance on ADSB. FLIGHT RECORDERS - IGC's GFAC, of which SSA Member Marc Ramsey is a member, continues their work approving new FRs and currently some relatively minor amendments to their FR specs for likely Sep15 issue for Oct15 effect. OSTIV, under the guidance of SSA's OSTIV rep, Mark Maughmer, is arranging a speaker track and evening speaker for the next SSA Convention. Membership dues for individuals have been halved to Euro25 or \$28; TS is now on-line only. Look Boermans has retired as President, with Rolf Radespiel of Germany taking the helm. I have retired as a committed attendee of OSTIV's TSP meetings, which Rich Carlson is attending in Sweden eom August. UNOOSA ICG - The next meeting, which I will attend 02-06Nov15, is in Boulder, CO. Heavy on the agenda is the usual re GNSS compatibility, interference (including that from nearby spectrum users) and jamming as well as the growing UAS threat to airspace users. No doubt the renewed threat of that from Lightsquared be of interest! IGC - SSA's Rick Sheppe has replaced me since I retired therefrom as the Chairman of IGC's ANDS Committee, on which I still serve as a member thereof at Rick's invitation. EGU - I have retired from representing SSF/SSA's Associate membership therein, but did effect transfer from OSTIV of SSA's dues therein, which were reimbursed from SSF to OSTIV. FAI Environmental Commission - I retired as VP of the EnvCom, as well as retiring from being both NAA's delegate thereto and IGC's delegate thereto. FAI General Conference - I plan to attend Rotterdam, The Netherlands, for the GC 22-28Sep15 as FAI Companion of Honour, reporting on ICG and RTCA of which I am FAI representative. ANPRM - The writers of SSA's response to the ANPRM are to be commended for their better than excellent presentation. RTCA is of course hard at work addressing issues which will have a major role in whatever happens to that Notice. I have one minor quibble in the beginning when the SSA report seemed to be misleading describing transponders (the transponder feature only broadcasts when it has been interrogated). I have taken an even stronger position re UAS/UAVs: Users of airspace must have the same binocular capability of backup to electronic methods that is required of all aircraft users. I.e., 2 eyes for depth perception. AME waivers for monocular pilots is extremely hard to come by!

Possibly talk to Rick Sheppe about taking Bernald Smith's RTCA spot.

6.4.4 Growth & Development (report from Andreea Alexandrescu) (Cloudstreet distribution) (Omarama AOPA report) – The report is in the book. Lane Bush commented the L-13 is being primed and painted. The goal is for it to be ready for the 2016 convention.

The Chair recommends the following each be nominated by a Member and elected for new terms :

- David Pixton (whose first term is expiring)
- Allison Tyler, who has agreed to serve if elected

SSA Chairman Maleady moved to nominate David Pixton and Al Tyler for SSAF Trustees. Seconded. Approved.

SSAF Chairman Godfrey also recognized by acclamation the outstanding contributions and work of Pete Brown over his terms in helping to guide the Foundation. Godfrey invites and hopes that Pete Brown will remain involved with the Foundation in an ongoing advisory capacity.
